You can make your child's transition to school a little easier this year with Mommy's Messages. These small notes with thoughtful message such as *I'm thinking about you* and *Have a special day* make your child's long day a little easier and it lets them know that no matter where you are, or where they are, Mommy is thinking about them.

Best Feature: Since they're already pre-filled with cute sentiments, a box in the kitchen allows a quick signature before placing in lunchbox.

Price: \$1.95-\$2.49
